Part One - Safeguarding Adults Example Policy Templates

If you are updating your Adult Safeguarding Policy you may wish to refer to some of the templates below. You will need to select the sections that reflect your service and local protocols. Please be aware that these are sourced from Safeguarding Adults Boards around the country as opposed to Shropshire and Telford and Wrekin. The language in some of the information hyperlinked below refers to 'vulnerable adults' rather than either 'adults with care and support needs' as used in Shropshire and Telford and Wrekin or 'adults at risk' as used in the Care Act (2014).

An updated safeguarding adults policy will ideally make reference to:

- The Care Act (2014) and the Care and Support Statutory Guidance click [here](#)
- Adult Safeguarding: Multi-agency policy & procedures for the protection of adults with care & support needs in the West Midlands click [here](#) to access
- Ten categories of abuse as outlined in the Care and Support Guidance (click [here](#)) and emerging issues such as cuckooing (Professionals Learning Briefing: Criminal Exploitation and County Lines briefing Keeping Adults Safe Shropshire Board website click [here](#)) or see Northamptonshire Police click [here](#), see Dyfed Powys Police County Lines and Cuckooing presentation in the Information Centre, Shropshire Partners in Care website.
